ENTRANTS AND VISITORS, YOU MUST READ THIS!

The streets of the CAPITAL COUNTRY HOLIDAY PARK (CCHP) are PUBLIC ROADS! The speed limit is signposted and enforceable.

All current road rules apply, including speeding, driving under the influence of drugs or alcohol, driving without a license, and driving unregistered vehicles. This includes mini rods, mini bikes, mini dragsters or any other unregistered vehicle. To protect the future of the CRAKK run there are NO EXCEPTIONS – if it's not registered, we'd appreciate you leaving it at home. Thanks.

The CRAKK committee, the CHRA and CCHP staff must also abide by NSW and ACT laws concerning the responsible dispensation of alcohol. Underage drinking and the supply of alcohol to intoxicated persons WILL NOT BE TOLERATED!

Cruising ceases at 11PM – NO EXCEPTIONS!

The Book of the CRAKK Run 2023

Coordinator's Welcome!

It's been a tough post-pandemic year for most of us. Prices soaring, the Aussie dollar plummeting, fuel prices going up and up and up...when will it stop?

The 2023 CRAKK Run will be a pleasant break from all this, with fun and games as usual, plus some surprises as well.

The Skid Pan is back, Lucky's Speed Shop is back after last year's COVID restrictions and the Show n Shine is back on at Queanbeyan Park!

Our hearts were broken after signing up Old Skool Rock for 2023 and losing Dennis Harkness so suddenly. Dennis' daughter Belinda has stepped in to honour Dennis and Old Skool Rock will be blasting out the tunes on Friday Night with this unique line-up.

The Canberra Hot Rod Association supports the new ASRF category of pre 78 vehicles, and this is the second CRAKK run open to this class. The feedback we have received is very good,

and those that have joined us in their "Chrome Bumper" cars have been exposed to a slightly different culture that they are keen to embrace.

With so many new families coming to the CRAKK run, we've made extra effort to keep the kids busy. The colouring competition, kids movie night, the treasure hunt, slot car track, kids goodies bags, the pool party and the opening sets of the band on Friday Night are just some of the activities planned for our little rodders.

Finally, please thank our committee and sponsors as you work your way around the 2023 CRAKK run (sponsors have blue wristbands).

A couple of days?!?

Of course. As profoundly drunk as I usually am, it'll take me at least that long to execute a successful escape.

Wow, look at you. you must have had one heck of a time at summer camp.

That's a laugh.

I spent the whole two weeks breaking my back for fifteen hour shifts in the stifling darkness, two hundred feet underground.

Really...? That far down?

We never went that deep back when I went to coal mining camp. I guess the local coal seams must be pretty played out by now.

Oh well. Next summer we'll send you to that slate quarry camp that I read about in Budget Parenting magazine.

CRAKK Memorial

We honour absent friends with memorial Kroozin' trophies that best epitomise our lost buddies. These awards are in memory of rodders who did so much for the CRAKK run while they were with us:

Trevor Abernathy. In 1991, Trevor Abernathy was entrant number 50 at the inaugural CRAKK run. He bought a T Shirt (a size 20) and drove his chopped, yellow 33 Ford tudor. He came back in 1993 in a 35 sedan, and again in 1994 and 1995. In 1996, Trevor won the inaugural Mystery Kroozer award. Sadly, it would be his last CRAKK run, and the Mystery Kroozer award was dedicated to Trevor from this date.

Ross Eldridge. Ross and Nellie Eldridge first came to the CRAKK run in 1998 in their Model A Tourer. They returned the following year, with stories about the progress of their 36 Coupe. In 2000, Ross came to the CRAKK run in a wheelchair, and not long after that he succumbed to motor neuron disease. The Cool Kroozer award was dedicated to Ross.

Bill Lynch. Bill graced the CRAKK run with his presence from the 2000 event. It was not unusual for Bill to stop his Model A Roadster in the middle of the cruising track and tell someone (anyone) that "the keys are in it, off ya go!" Every year, Bill's car would drive past with a different driver, usually with every seat taken up by little kids and big kids. In 2004, Bill suddenly left us before we could say goodbye, and the 2005 CRAKK run included the "Keys are In It" Kroozin' Award in memory of Uncle Bill.

Frank Mardel. The Mardel family came to the CRAKK run in 2001. Not only did they bring a rather large family, but they always had at least three or four hot rods entered. It would be difficult to find a more dedicated rodding family than the Mardels. The family business sponsored the CRAKK run from 2002, and they continued this support every year until Frank's sudden heart attack took him in 2007. Our memorial awards recognise the Most Family Oriented Rodder in memory of Frank Mardel.

Howard Wallace. Howard Wallace supported local rodding in the ACT for many years, and attended the CRAKK run in his red 48 Chev pickup. Howie was famous for his engineering skills and attention to detail, evident in his automotive and motorcycle creations. After a long battle with motor neuron disease, Howard left us with only memories in 2008.

Dennis Moreau. Dennis Moreau was the inaugural President of the CHRA. Dennis co-founded this association with Alan Cooper in 1983, and was prominent in rodding and drag racing right up until his passing on December 19 2011. Today, Dennis' legacy lives on, and the CHRA still welcomes all

(Continued on page 19)

The Book of the CRAKK Run 2023

rodders, regardless of association, despite the technical and political challenges of the day.

Bob Binder. Bob was a local rodder who came to the CRAKK run in the early 90s when he bought Stewy Campbell's 32 roadster. Bob was famous for the different cars he would bring each day of the CRAKK run - a Buick, a Caddy, all with surfboards on the roof and the world's biggest skateboard! A true character, Bob left us in 2017, but his legacy to having fun with cars lives on!

Mick 'Swanny' Swan. We were all so saddened at the passing of everyone's mate, Mick Swan. A true legend, Swanny was loved by all and at every CRAKK run we will miss him dearly. Swanny succumbed to the same disease that took Howard Wallace, Ross Eldridge and one time Meteor Bert Myers.

Mick Cooper. Mick, a 'Batlow Boy,' came to the CRAKK run in his red Model A roadster in the early 2000s and has been a part of the run ever since. His latest car was a Humber Snipe with 350 Chev. Mick left us 2nd December 2020. Mick was always smiling and easy-going, and we shall miss him. His son, Zach, is continuing his latest project.

Tom Matic. After a long battle with MND, Tom left us with memories of his 56 F100 that attended so many CRAKK runs. A member of the Wizards and the CHRA, Tom was a long time Hot Rodder that everyone knew.

Chic Henry. In April of 2022, the founding father of the Summernats and a passionate supporter of the CRAKK Run, left us at the age of 75 after a prolonged battle with cancer. Chic was involved in all facets of the modified car business, fearlessly engaged in the protection and promotion of our hobby. He would show up to many CRAKK Runs over the years, usually in his 62 Chev Impala and join us in cruising and hanging out at the park.

Larry O'Toole. As rodders packed up their cars to head home from the Central Coast Nationals in Ulverston, Tasmania, Larry took ill and was admitted to the local hospital before being airlifted home. He fought off pancreatitis for five months before succumbing on Thursday September 6th 2022 at Austin Hospital in Melbourne. Larry inspired rodders and car enthusiasts everywhere through his many books and magazines. Graffiti Publications have been long time sponsors of the CRAKK run and Larry was guest speaker at the CHRA 21st Birthday Party. He will be sorely missed by all.

Dennis Harkness, long time CRAKK Entrant and member of the band Old Skool Rock, taken from us suddenly in October last year. Dennis had entered the CRAKK run and his band was booked to play for us. We were all stunned by this tragic loss.

Rest in peace, friends. We will never forget you.

CRAKK Fund Raising 2023

All funds and donations raised over the weekend of CRAKK 2023 are to help purchase Service Dogs for Veterans and First Responders. In 2021, we raised enough to buy one service dog. In 2022, we raised enough for two dogs and some admin. This year, we are aiming to but THREE service dogs for Integra Service Dogs Australia.

Dumb Shifts Page

Hi there, rodders, and welcome to the Dumb Shift's Tips and Tricks page! I'm Alouitious Nong, President of the Dumb Shifts. Me and my team have put together some tips and tricks that will make YOUR Nissan Cedric how!!

Enjoy!

This tip is from Roland, our Secretary.

When assembling heads for your fuel injected engine, drill holes in the valves to enhance flow, both in and out. Less restriction means more power!

Calvin here! Tyres have several magical elements. The best tyres have all five. They are: Fire Element, Water Element, Ice Element, Plant Element, and 5th Element.

Car Safety Tips from Morty (Treasurer, Dumb Shifts).

The more time you spend on the road, the higher the risk of being involved in a car accident. Furthermore, by far the largest amount of all car accidents involve non-drunk drivers. It follows, therefore, that to drive safely, one should be drunk and minimize the time spent on the road by driving extremely fast - as fast as possible.

Also, on traffic lights: The faster you drive through a red light, the smaller the chance you have of getting hit.

Hey, Milkman Dan...want me to go get you another cupcake? I made them special just for you.

No thanks, Karen. One is probably enough for me.

Yeah, you're right. You really shouldn't eat too much sugar.

And by 'sugar,' I mean extra-strength laxatives. I bet I put enough in those cupcakes to give an elephant diarrhea.

Wow. Good thing I tossed it into the bushes. I think your St. Bernard just ate it.

Say, champ...what say we head to the front yard and give our brand new gifts a spin?

Can't we go try 'em in the back yard instead?

Don't tell me you're afraid of what the neighbors will think. I'd say somebody in this room needs to 'man-up' a little.

I don't think that all the macho posturing in the world will compensate for two guys wet-nursing life-size plastic baby dolls out in front of the carport on Christmas morning.

You won't even care once that battery-op suction pump locks onto your nipple, son.

Y'know, this has been relaxing and all, but I gotta say...I could use a whole week off.

By the way, what holiday is this, anyway? I can never seem to keep track of them all.

Haha. I have no idea, either. I'm just going to proclaim it, "National Talk Like A Robot Day." ðŸˆŽ Do-you-con-cur, Milk-man-Dan? ðŸˆŽ

No kidding. Me, too. But I guess we'll just have to settle for this three-day weekend.

Nope. No clue.

RED MEAT

a hearty tug on mediocrity's milk-teat

from the secret files of
Max Cannon

How do you like my new uniform, Karen?
It's a state of the art, electrokinetically
enhanced, kevlar reinforced exo-suit.

It makes you look like
a dork, Milkman Dan.

It may look odd, but this uniform triples my
reflex response, enabling me to deliver dairy
products at superhuman speed, and, it makes
me impervious to most projectile weapons.

But you're really shaking.
Is that suit freezing cold?

Not at all. In fact, I was just enjoying the
soothing relaxation of the suit's built-in
vibrating Swedish buttocks massage unit.

Eww. No wonder the bottles
of milk have been all foamy.
